

# ENVIRONMENTAL QUESTIONNAIRE

PROJECT TESTS NL

Request validated on 28-10-2024 09:16:41

## THE PROJECT

**The project**  
The fields below are pre-filled according to the information contained in your customer account.

What kind of request is it ?	Guarantee request
What is the intended use of building ?	Residential
Last name - First name :	JACQUEL J.-Michel
Country code	+33
Phone :	0671639523
Function :	Partner
Email :	jmj@ufoo-consulting.com
Project (Corporate name) :	Tests NL
Address :	8, Rue d'Henry Pré
Post code - Town :	88120 - Saint-Amé

## THE EXTERIOR ENVIRONMENT

**The exterior environment**

Atmospheric exposure	
How is the exterior atmosphere ?	
What is the urbanization type ?	Urban or industrial normal
How close is the sea ?	Marine 20 to 10km (Computed: 0 m)
Are there any other buildings on site to protect against sea spray?	No
<b>SPECIAL ATMOSPHERE</b>	
High UV?	No
<b>SPECIAL?</b>	No
What is the degree of sunshine ?	
What is the kind of climate ?	Temperate
Snowfall :	Average
What is the percentage of relative humidity ?	
What is the rainfall rate?	High or very high
<b>The building</b>	
Does the building have oil-fired heating?	No
Are there chimneys for the discharge of smoke and fumes?	No
<b>Nearby</b>	
Are there any smoke generators for oil-fired heating nearby ?	No
Is the building near buildings sheltering animals ?	No
Is the building near factories?	No
Is the building near laboratories?	No
Is the building near steam or gas fumes (petrochemicals...)?	No
Is the building near dust deposits or areas where dusty products are stored? E.g : waste reception centres, incinerators...	No
Fire behavior requested?	No

The behavior requested:

No

## INTERIOR ENVIRONMENT

### Zone 1

Define the zone

What is the building type ?

Residential

The building is:

Open

How is the interior environment?

Low humidity

Is interior environment aggressive?

No

Specify what will be the activity inside the building :

TEST

Interior environment

Is there a risk of condensation forming inside the building?

No

Is the internal face covered with insulation? (stretched felt, false ceiling...)?

No

Fire behavior requested?

No

### ROOFING

Choose the building system:

Single skin

External face

Thickness

10

Surface (m2)

15

Color requested

Blue

Roofing curved

No

Are there any overlaps ?

No

Are there any penetrations (outlets..) ?

No

Are there any lighting areas ?

No

Roof overlaps :

No

Presence of photovoltaic modules?

No

Coating requested :

Béton

### WALL CLADDING

Choose the building system:

None

### DECK

Choose the building system:

None
